6. FDDB Director Report

Ms. Madeksza reported that additional sponsorships had been received that provided the opportunity to provide two additional movies for Movies Off the Square. They will continue fundraising efforts in hopes of adding additional movie nights.

Ms. Madeksza reported that there is a proposal moving forward that will expand the use of public space downtown to give restaurants the ability to expand some of their operations outdoors to maintain proper social distancing and stay in compliance with the Governor's Declaration calling for only 50% capacity in restaurants. She attended the Council Meeting last Tuesday and received unanimous support from the Council on the proposal. The City and DBA are working together on the details and they hope to see something in place within the next two weeks.

Member McLaughlin asked if there were plans for portable restrooms and hand washing stations. Ms. Madeksza stated that those elements are being included in the plan discussions. She indicated that hand washing stations seem very doable but there are some concerns about the portable restrooms in Heritage Square and maintaining the proper cleanliness for the facilities. The discussions are ongoing, and she will be sure to update the Board as more information becomes available.
