

Who is the Carlsbad Village Association?

The Carlsbad Village Association (CVA) is a 501(c)(6) non-profit organization whose core purpose is to lead the continual improvement of Carlsbad Village, making it the premier gathering place in North County.

What Does the CVA Do?

Our goal is to increase the visibility of Carlsbad Village as a whole and in turn the village merchants. We hold regular events each year and collaborate with other village groups holding events, manage a website that promotes the village and its merchants, send out weekly eBlasts to over 2,800 subscribers, post regularly on both Instagram and Facebook, advertise in local publications, work with city staff on issues such as lighting, signage, revitalization, and economic development, and we maintain regular contact with City Council on all matters relative to the village.
