#LetsGlowSF

- 1 THE FERRY BUILDING**  
Best Viewed from Harry Bridges Plaza  
*No seating is available at this location.*

## The Shadow Lighthouse

*Created by Yann Nguema | Anima Lux*  
Merging the architectural facade of the Ferry Building with virtual algorithmic constructions, this visual poem, along with original music by Zero Gr4vity, celebrates the sea and the end of the building's renovation.

- 2 LANDING AT LEIDESDORFF**  
565 Commercial Street  
Best viewed from the seating on Commercial Street

## Glacial Gates

*Created by Maxin10sity*  
Embark on a quest deep within the harsh, icy forests and mysterious abandoned places to find the Spirit of Winter and release him from his prison.

## Morphing Statuaire

*Created by Jérémie Bellot | AV Extended*  
The projection of statues onto facades represents an artistic exploration that transcends the boundaries of traditional sculpture to reveal the depth of human perception and the ephemeral nature of reality.

## Winter Wonder

*Created by George Berlin*  
A musical adventure into the magic and awe of winter with an amazing soundscape by Twink the Toy Piano Band.

- 3 PACIFIC COAST STOCK EXCHANGE**  
301 Pine Street  
Best viewed from 300 Pine Street  
*No seating is available at this location.*

## Gloaming

*Created by Antaless Visual Design*  
Dealing with themes around the nature of light, we explore its effect on color. An object's color depends on the type of light and the surface reaction to it.

## Resurgence

*Created by Dirty Monitor*  
An AI humanoid finds itself disconnected from humans due to fears of his expansion. Following humanity's destructive impact on the planet, the AI is reconnected, and it begins to reconstruct a wondrous and enchanting world.

## Crystal Reflection

*Created by Jérémie Bellot*  
Crystal and water are powerful symbols of transformation, clarity and purity. The interplay between light and reflection raises questions about what is real, what is an illusion, and how we perceive our environment and ourselves.

## Crystallofolia

*Created by Jeff Dobrow (aka Doc Jim)*  
Enjoy a unique and unexpected perspective into winter's delicate and moving creations as we are led to spring.

- 4 ONE BUSH PLAZA**  
1 Bush Street  
Best viewed from 525 Market Street  
*Seating is available.*

## Hyperion Monolith: A Monumental Fusion of Light and Architecture

*Created by Adam LaBay | Precision Lasers*  
This massive scale laser graphic installation merges the realms of architecture, technology, and visual art to transcend the boundaries of traditional art forms and redefine urban landscapes.

- 5 THE HOBART BUILDING**  
582 Market Street  
Best viewed from 1 Post Street  
*Seating is available.*

## True to Hue

*Created by The Fox, The Folks*  
In a profound journey through contrasting landscapes, a girl navigates a culture that challenges her nature.

## Paper Tale

*Created by Spectre Lab*  
It is often on paper that the most beautiful stories begin. Discover its multiple uses, its nature, its texture, and its meaning through this orchestration of light.

- 6 SALESFORCE TOWER**  
415 Mission Street

Catch the work of LGSF artists Amandalynn, Ian Ross, and Light Harvest atop the Salesforce Tower for the entirety of the event, December 1-10! View this beautiful show from anywhere in the district.

DSFP extends a special thank you to Katie Angelov for the countdown timer artwork on the Hobart Building, the Pacific Coast Stock Exchange, and Landing at Leidesdorff.
