#### PBID Management Plan

Environmental enhancements will include ambassador services and private security patrols to improve both reality and perception of public safety, streetscape and signage to make downtown more attractive, a trolley service, and parking management initiatives to better utilize existing parking and plan for future needs. Three categories of ambassador services are provided: clean, safety, and hospitality. Hospitality ambassadors will be provided in all three zones. Clean and safety ambassadors will be provided to parcels in zones 2 and 3 only.
