

Michael Pogorzelski
Academy of Motion Pictures & Sciences
Property: 1313 Vine St.

Michael Pogorzelski is the Director of the Academy Film Archive at the Academy of Motion Picture Arts & Sciences Pickford Center for Motion Picture Study. Pogorzelski has been a board member since 2003 and currently is a member of the Place Enhancement Committee. He initially joined the board out of the belief that creating a business improvement district seemed to be the way to make positive changes happen and create a better Hollywood during the course of months or years - rather than decades. For his next term, Pogorzelski would like to make the most effective use of the BID's resources to address the homeless crisis in the BID. His long-term goal is to return a sense of safety and well-being to all who are here, as well as bring the history of the neighborhood to life in tangible ways that remind residents and visitors of the storied and glamorous history of Hollywood.
