

Tebo Train: Public Health Plan  
Downtown Boulder Partnership  
05/04/21

Dates: June 1 - September 3, 2021  
Monday - Friday, 9:30 am - 11:00 am

In order to ensure the safety of all guests and riders of the Tebo Train throughout the summer season, the Downtown Boulder Partnership staff and volunteers will take the following precautions in the operation of the train and general conduct of the event:

- **PPE Upgrades to Train** - The back of each train car (including driver and passenger cars) is fitted with a 31" x 36.5" piece of plexiglass to ensure the safety of all riders.
- **Additional PPE** - Sanitizer will be available to all guests wishing to ride the train and all surfaces will be sanitized by staff/volunteers before and after passengers board the train.
- **Distancing Requirements** - Staff and volunteers will ensure guests maintain at least 6 ft of distance while waiting for the train through clear signage, ropes, markers, and verbal reminders if necessary.
- **Masks are required for staff and volunteers** - Passengers (ages 5+) will be requested to wear a facial covering that conceals their nose and mouth while waiting in line to board the train and throughout the duration of the ride. Additional masks are available for children and adults.
- **Clear signage indicating COVID mitigation policies will be placed in the waiting area.**
- **No food or drink will be allowed on the train.**
- **Train capacity of 16 MAX** - The train encompasses four "cars" - the occupancy of each car is a maximum of four individuals, allowing space for 16 passengers during any given ride. Between each car, we have attached a panel of plexiglass to ensure rider safety, ensuring that a maximum of four individuals will share space in one car. Staff and volunteers will ensure this occupancy restriction is met while facilitating the boarding process.
- **Only related passengers will be permitted to ride together in the same train car** - Unrelated passengers will be required to ride in separate cars.

- **Symptom Screening upon arrival** - The operator of the train and/or volunteers assisting in the operation of the train will greet guests and ask them to confirm responses to the following health screening questions (as recommended by the CDC) on behalf of themselves and their children. Any staff or volunteers present to assist in train operation will also be obligated to answer the same questions upon arrival for the day:
  1. Have you experienced any of the symptoms of COVID-19 in the past 48 hours?:
 

<ul style="list-style-type: none"> <li>• fever or chills</li> <li>• cough</li> <li>• shortness of breath</li> <li>• new loss of taste or smell</li> <li>• sore throat</li> <li>• fatigue</li> </ul>	<ul style="list-style-type: none"> <li>• diarrhea</li> <li>• muscle or body aches</li> <li>• headache</li> <li>• congestion or runny nose</li> <li>• nausea or vomiting</li> </ul>
---	--
  2. Have you been in close physical contact in the last 14 days with:
    - Anyone who is known to have laboratory-confirmed COVID-19?

OR

    - Anyone who has any symptoms consistent with COVID-19?
  3. Are you isolating or quarantining because you may have been exposed to a person with COVID-19 or are worried that you may be sick with COVID-19?
  4. Have you traveled in the past 10 days?

A volunteer will ask these questions of all guests, recording their contact information in the process, upon guest arrival.

- All volunteers will be briefed on the preceding policies, procedures, and expectations by DBP Staff prior to their shift to ensure compliance with all regulations outlined above.
