Safety & Security

Our team of dedicated officers provides **24-hour mobile and foot patrols** of the District, promoting the safety and security of all employees, patrons, and residents. We offer courtesy escorts for District employees to their vehicles and conduct door-to-door checks overnight to ensure businesses are properly secured.

In addition to routine patrols, we conduct alleyway and garage checks at random times throughout the day, evening, and night to monitor for unusual or unsafe conditions such as ice, potholes, graffiti, broken glass, and other safety concerns. We also receive lost and found items and make every effort to return them to their rightful owners.

We work closely with the Denver Police to ensure the continued safety and security of the District by providing exceptional customer service to all. Our officers conduct welfare checks on individuals who may need emergency services or assistance and respond to calls of public disturbance, working to de-escalate the situation.
