

FAÇADE (DIP) GRANT

The Façade Grant (DIP) is designed for renovation projects to the façade of a building within the boundaries of the Longmont Downtown Development Authority (LDDA). **This grant is a reimbursement with funds dispersed after the project has been completed and inspected.**

The maximum grant is 25% of the total façade cost with a cap of \$10,000, contingent on the scale of the project and available funds through the Development Incentive Program. If applicant has been awarded a façade grant within the past two years, applicant may get less of a reimbursement percentage.

The applicant is required to meet with LDDA staff to discuss project details prior to starting the project and applying for the grant. The applicant must submit a completed application, including all applicable checklist items. No incomplete applications will be reviewed. Fully completed applications will be reviewed and once approved by staff, applicant may then start work. Applicants requesting \$5,000 - \$10,000 or more, must present their application to the LDDA Board of Directors for final approval. LDDA staff can permit applicant to begin work before the Board presentation. This won't negatively impact Board approvals. Projects may take up to two months for Board review and decision depending upon the scale of the project.

Completed applications must be turned in to the LDDA office at 320 Main St. Longmont, CO, 80501.

Upon approval, the applicant has **six months** to **begin** their project. Extensions may be accepted in writing explaining the reasons for the delay. Project must be **completed within one year** of date of approval. Failure to do so will forfeit the grant. If final project costs exceed the overall project cost reported in the application, the applicant is only eligible for reimbursement of costs that were submitted and approved with the grant.
