Services for Adults

Coordinated Entry (CE) is required to receive services from Homeless Solutions for Boulder County (HSBC).

To begin, call 303-579-7364 between 12–2 pm or visit the St. Vrain HUB at 515 Coffman Street.

The Coordinated Entry/Diversion Specialists will attempt to immediately resolve your housing instability so you don't need to access the shelter system. If this is not possible, you will be referred to one of the following two services:

1. Navigation Services offers short-term support for individuals who require limited assistance to get back into permanent housing. Individuals work with a case manager to develop a housing plan and can receive conflict resolution support, financial and/or legal assistance, help reunifying with support networks, and access to other programs. Short-term overnight sleeping space is available to qualified participants. Case management is available Mon-Fri from 11am–6pm and Tue–Thu from 5:30pm–8pm.

Homeless Outreach Providing Encouragement (HOPE) provides navigation sheltering Sun–Wed at Journey (2000 Pike Rd, Unit A) and Thu–Sat at Faith Point (833 15th Ave).

2. Housing-focused Shelter (HFS) facilitates housing entry for qualified moderate and high-needs individuals by providing overnight sheltering and wrap-around services on an extended basis. HFS participants can overnight at Boulder Shelter for the Homeless until they have been permanently housed.
