

2022 Hillsborough Street Development Projects Summary

Introduction

This summary highlights private and public development projects in and around Raleigh's Hillsborough St. Municipal Service District. The report is inclusive of all projects completed since 2016 as well as projects that are currently under construction or are in varying stages of planning and development. All Construction figures are best estimates. Dates indicated in the planning and design phases may be adjusted as project needs change. All information is accurate to the best of our abilities.

Prepared By:

Shannon Johnson, Director of Economic Development & Planning

About Us

Hillsborough Street Community Service Corporation

We celebrate Hillsborough Street! We are a diverse coalition of Hillsborough Street community partners advocating for a vibrant and unique district.

The Corporation's mission is to make the Hillsborough Street community a distinct destination in Raleigh by providing services and programs that improve the economic sustainability of the territory's businesses and increase the market value of its properties.

The Hillsborough Street Community Service Corporation is an independent, not for profit municipal service district, which began providing services and programs in the fall of 2010. The district was created by the City of Raleigh in partnership with NC State University and the property owners, merchants and residents on and around Hillsborough Street.

About Us

The HSCSC territory is a 3-mile long corridor that runs on both sides of Hillsborough Street, from St. Mary's School to Meredith College and the I440 Beltline (including Morgan St., a few side streets and connections with Cameron Village). The territory includes a diverse collection of businesses, organizations, institutions and residential options.

We support an equitable and inclusive community, enabling all people to participate and reach their full potential. We believe in promoting equitable access and opportunity, recognizing the need to address systemic and institutional inequities, especially in matters of race. We recognize that to achieve our vision, we must lead our sector in making the changes we want to see in society.

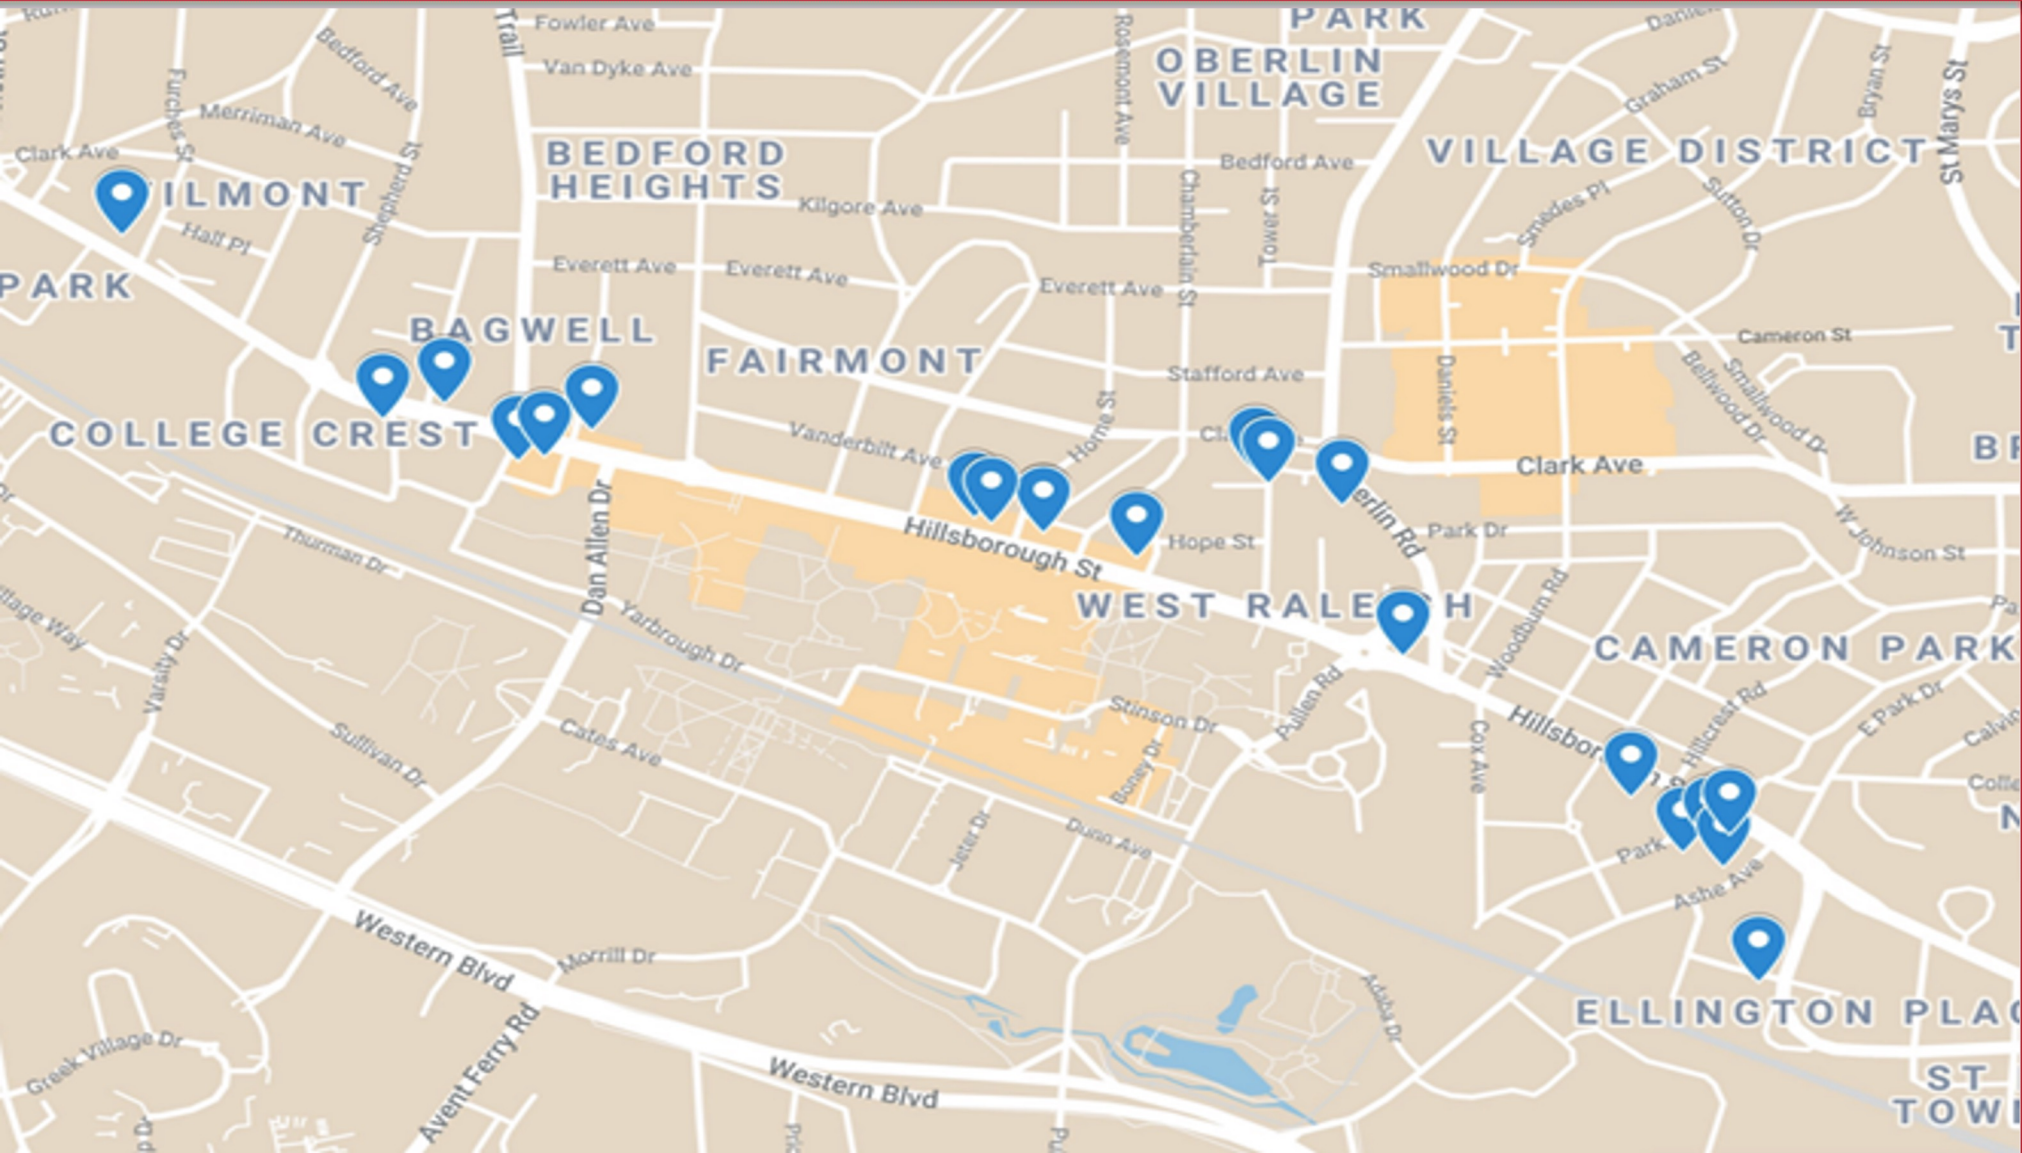

HSCSC annually provides a range of services and programs that help to make the Hillsborough Street community a better place to live, work, play, shop, dine, learn and visit, including: cleaning, security, beautification, marketing and communications, economic development, special events and tourism, planning and advocacy, parking and transportation, research, arts and community.
