LANDING

COVID-19 Update:

Dear Community Members, in accordance with recent COVID-19 guidance from state and local officials, the 1900 Crystal team remains committed to providing enhanced sanitation facilities, limiting the number of individuals working in the same area at any one time and requiring that all workers and visitors wear masks and personal protection equipment on the project site.

The team continues to monitor the situation as it evolves, following the recommended guidance provided by the CDC, and updating informational COVID-19 signage to reinforce best known practices in reducing the likelihood of transmission.

Beyond, the immediate safety of our contractors, employees, vendors, and visitors, the wellbeing of our larger community is our top priority.

Project Status:

Construction officially began at 1900 Crystal Drive on Monday, March 29th. Demolition of the remaining structure is ongoing.

Rendering of South Tower (269 19th Court South)

Rendering of North Tower (244 19th Court South)

Recent Happenings & Look Ahead:

In the last month the development team has installed fencing around the site perimeter, implemented erosion controls, and commenced demolition of the existing structure down to the G2 level.

Over the next 30 days, demolition of the garage structure will continue. Support of excavation measures including pile driving will start to occur along the perimeter of the site. Early utility work will also begin on 18th and 20th Streets.

Please do not hesitate to reach out to the project team with any questions, comments or concerns using the 1900 Crystal email address listed below.

Please note: Construction activity on-site can occur from 7AM to 9PM Monday through Friday and 9AM to 9PM on weekends & holidays. Please contact the project team if you are aware of work being done outside of these hours.
